

Amendments To The Specification:

In the English translation document, please delete the term --Description-- at page 1 line 1, before the title.

In the English translation document, please amend the title at page 1 lines 3 to 4, as follows:

Power supply circuit for an electric system, ~~and a communication electric system having~~
comprising a power supply circuit and method for operating the power supply circuit

In the English translation document, please add the paragraph at page 1 line 5, after the title, as follows:

--CROSS REFERENCE TO RELATED APPLICATIONS

This application is the US National Stage of International Application No. PCT/DE2003/003913, filed November 26, 2003 and claims the benefit thereof. The International Application claims the benefits of German application No. 10301673.2, filed January 17, 2003, both applications are incorporated by reference herein in their entirety.--

In the English translation document, please add the paragraph at page 1 line 5, after the newly added Cross reference to related applications paragraph, as follows:

--FIELD OF INVENTION

The invention relates to a power supply circuit for an electric system, an electric system comprising a power supply circuit and a method for operating the power supply circuit.--

In the English translation document, please add the section heading at page 1 line 5, after the newly added field of invention paragraph, as follows:

--SUMMARY OF THE INVENTION--

In the English translation document, please amend the paragraph at page 2, lines 23 to 25, as follows:

Said object is achieved by ~~means of a power supply circuit having the features of claim 1 and by means of a communication system having the features of claim 4~~ the claims.

In the English translation document, please add the section heading at page 4 line 20, as follows:

--BRIEF DESCRIPTION OF THE DRAWING--

In the English translation document, please amend the paragraph at page 4, lines 21 to 23, as follows:

The sole figure is a schematic of a communication system with a power supply circuit having a plurality of power supply components.

In the English translation document, please add the section heading at page 4 line 24, as follows:

--DETAILED DESCRIPTION OF THE INVENTION--
